Ryan,

Here is a background paper that explains the procedural posture of the Rosemont permit with a focus on the transmittal of the final permit action to EPA for review, our response and the record base for the COE's action.

If you have any questions or need additional information please let me know.

Respectfully,
Lee

OLEM is not involved in Section 404 CWA permits and so I not have any knowledge of this permit nor any comments on the statement.

David and Peter can I get a quick turnaround on this request from region eight below? They're getting a lot of heat in the press and I told them I would turn something around for them this evening. Please let me know if I need to include others for their sign off as well. Thank you.
